

The board would like to thank all of our **loyal members** for their great cooperation during this trying and stressful golf season. Your cooperation and attention to the safety rules posted have enabled us to enjoy golf safely and we look forward to a more normal 2021 golfing season.

Members please pass on to our clubhouse staff, our pro shop staff and our grounds crew staff a kind word of **appreciation and thanks** for their tremendous effort this year. Their dedication to serving us is most appreciated and the board is very grateful for all their efforts.

## Superintendent Update

What a strange year it has been, and continues to be. It definitely makes you look at things differently. I'm thankful the course was a place for many people to come and get a little bit of normalcy during these crazy times.

With the uncertainty of the times, we were understandably short staffed this season. We were not able to always complete things we normally would, such as rolling greens more often/ verticutting etc. etc. I would like to thank everyone for their patience and understanding.

Despite the craziness, we were able to make numerous improvements around the course including many new tee boxes to be opened next season. We also plan on re-shaping some of the fairways as we perform our Fall over seeding. Also, some new irrigation heads will be added for better coverage on some of the tee boxes.

Also, a **huge thank you** to Walt Kuharchik for his generosity in the ongoing development of the driving range. We are getting close now as we prepare to seed.

We will continue to keep the course open and moving forward throughout the Fall, as of now temperatures look to be rather mild. I hope everyone is enjoying the course, let's keep the club moving in a positive direction!

Jason Brown G.C.S.

## October 2020 Newsletter

### Clubhouse News

All remaining member's 2020 food balance must be spent by Oct. 31<sup>st</sup>, which is the last day the clubhouse will be open for the 2020 season. Please do not wait until the last days as there will be a limited food menu starting Oct. 15<sup>th</sup>. All members' food accounts will be deactivated on Nov. 1<sup>st</sup>

### Driving Range update

The driving range is making progress. Over 110 tri-axle truckloads of dirt have been delivered and leveled off as of the first week of October. Grass seed is in the process of being spread. Hopefully with good weather in October a nice growing base of grass should be available come the spring. **Wally Kuharchik has donated all material, equipment and personnel in developing this driving range and the membership owes him our gratitude. It is no secret of Wally's love of Emanon CC as demonstrated by his many years of philanthropy and generosity to the club. We ask members to thank Wally when they see him or for those that want to reach out directly to say "Thanks".** We ask all members to refrain from hitting golf balls onto the range now that it is being seeded. Please hit golf balls into the woods to the right of the driving range. Thank you!

### Membership

We have 16 new members as a result of the September and October membership drives and welcome these new members which brings our current membership total to 275. We ask all of our members to encourage their friends who might be interested in joining our club to contact Len Coleman @ 570-479-4955 for details and an application.

Be sure to “LIKE”  Emanon CC on Facebook and follow them on their website, [www.emanoncc.com](http://www.emanoncc.com) for all your news and information about the course. A quick reminder of how it all started and how far we have come.....

## How A Farm Became A Country Club

This is a dream come true story. It is about a group of good friends from Exeter who in the 1950's could not find a decent, uncrowded public course on which to enjoy golf. At that time golf was still something of an elitist's game played at private, white-collar country clubs. So, in 1956, these friends met and formed a club; dreaming of someday building their own golf course and vowing that their course would be an affordable blue-collar club.

A series of events played out that led to their dream coming true. On a 75-acre farm purchased with borrowed money (\$8,600.00), cultivated with their own labor and donated equipment, they started on the journey of building their dream course. Orchards were knocked down; grain fields cut, rock walls dismantled and the rocks used as beds for the greens. Woods were cleared, out buildings and barns torn down and the land graded. The biggest task was removing rocks from the future fairways. In 1959, the first nine holes were completed. Shortly thereafter, an additional 125 acres were purchased and in 1972 the final nine holes were finished.

Today, the Emanon Country Club is a beautiful semi-private 18-hole course complete with a watering system, modern club house and pro-shop.

The founders pondered over many names for their new club, but were unable to agree on any name and finally decided to call it the No Name Club. Someone noticed the No Name spelled backward was “emanon” and so was born “Emanon Country Club.”
